

ONLINE SEMINAR SERIES

Get to know free web-based tools to plan and optimize managed aquifer recharge facilities

1

Initial risk assessment
5 April 2022
2pm CET

Main topic: Quantitative microbial risk assessment and underground residence time at MAR facilities using the web-based INOWAS platform

Free Registration: <https://bit.ly/3Mo2d4S>

2

Real-time monitoring
03 May 2022
2 pm CET

Main topic: Connection of monitoring sensors to the INOWAS platform and processing of monitoring data

Free Registration: <https://bit.ly/3vuNWX9>

3

Groundwater modelling and scenario analysis
07 June 2022
2 pm CET

Main topic: Groundwater model setup, run, results evaluation and scenario analysis on the web-based INOWAS platform

Free Registration: <https://bit.ly/3prWwZw>
